1. Audited and unaudited financial statement.
2. FYE 2024.
3. Audited financial statements.
4. Compilation of 990 data via Candid.
5. Compilation of 111 organizations, including FYE 2025 of 20 affiliates, FYE 2024 of 85 affiliates, and FYE 2023 of 6 affiliates.
6. FYE 2026 data because of change in fiscal year reporting; FYE 2025 was only three months (January-March 2025).
7. Consolidated financial estimates based on Form 990 from 51 U.S. programs plus headquarters, using FYE 2025 data for 9 programs and 2024 data for 42 programs and HQ because 2025 data was not available at the time of calculation.
8. There is no network-wide system for reporting expenses; expense transactions are captured in each affiliate's accounting system but systems are not consolidated.
